**“Before I joined Moms In Touch, praying oftentimes felt like talking to the walls.”**

“But since I started praying through Scriptures with other moms I’ve learned that God has made specific promises to us about His love for our kids and His purposes in their lives. I feel like I am learning how to be a better, less anxious mom and I am more able to see what God is doing in my kids’ lives even as preschoolers. Our Monday morning prayer time is an oasis that I long for the rest of the week.”

**“I also love being able to support the preschool teachers and staff through prayer.”**

“This school is such a special place and I am grateful every time I drop my son off. Praying for his teachers, Patti, and the rest of the staff, is a really dear way that I can join with them to foster this incredibly loving environment.”

**We’d love to have you join us!
